

Y11 BTEC Engineering Q & A

1. Has anything about the course changed due to time missed from school?

No, students are currently still expected to complete the work that was planned for this year.

2. Will candidates still have two attempts at the exam?

Yes, currently we are still aiming for the students to have their first exam in February, with an opportunity to resit in May/June

3. Will I be able to catch up on missed coursework?

Yes, we will work on this during lesson, you may need to do some extra in your own time.

4. How can I prepare for the exam?

You can use the revision booklet that has been given to every Y11 engineering student. This should be used at home, you should also bring this to your engineering lesson as we will use it sometimes. You can also save a digital copy of the revision book from school on to a memory stick for use at home. There will also be revision in the Wednesday intervention sessions.

5. What if I have more questions?

Contact Miss Childs at echilds@hgsc.co.uk or see me in lesson time.
