- *To communicate with the senior leadership team and heads of department to ensure that they fully understand the JCQ guidance along with the internal quality assurance framework.*
- *To distribute this policy to all relevant staff and to ensure that they have read and understood the content.*
- *To communicate with parents and pupils, ensuring that transparency is maintained and trust is ensured between all stakeholders. This will include an information hub on the school website.*
- *Co-ordinate training and support.*
- *To oversee the process of determination and quality assurance of teacher assessed grades.*

Senior Leadership Team and Heads of Department

Our Senior Leadership Team and Heads of Departments will:

- *Provide training and support to our other staff.*

- *Ensure an effective approach within and across departments and authenticating the preliminary outcome from single teacher subjects (again following the agreed framework).*
- *Be responsible for ensuring staff have a clear understanding of the internal and external quality assurance processes, and their role within it.*

- *Ensure that all teachers within their department make consistent judgements about student evidence in deriving a grade.*
- *Ensure all staff conduct assessments under the appropriate levels of control with reference to guidance provided by the Joint Council for Qualifications. This should include the formal sitting of November and April exams series in high control conditions.*
- *Ensure teachers have the information required to make accurate and fair judgments, free from unconscious bias.*
- *Ensure that a Head of Department Checklist is completed for each qualification that they are submitting – this will be completed as part of a structured line management meeting between senior leadership and department heads.*
- *Produce an Assessment Record for each subject cohort, that includes the nature of the assessment evidence being used, the level of control for assessments considered, and any other evidence that explains the determination of the final teacher assessed grades. Any necessary variations for individual students will also be recorded. This Assessment Record will also include department level training given; as well as standardisation and moderation procedures.*
- *Provide details of (and document) any limited truncation of the curriculum, due to the circumstances.*

Teachers/ Specialist Teachers

Our teachers, specialist teachers will:

- *Ensure they conduct assessments under our centre's appropriate levels of control and have sufficient evidence, in line with this Centre Policy and guidance from the Joint Council for Qualifications, to provide teacher assessed grades for each student they have entered for a qualification.*
- *Ensure that the teacher assessed grade they assign to each student is a fair, valid and reliable reflection of the assessed evidence available for each student; free from any unconscious bias.*
- *Make judgements based on what each student has been taught and what they have been assessed on, as outlined in the section on grading in the main JCQ guidance.*
- *Make judgements that are objective and evidence based in line with the school and department policy.*
- *Securely store and be able to retrieve sufficient evidence to justify their decisions. Storage of evidence should be at school and department level.*

Examinations Officer

Our Examinations Officer will:

- *Be responsible for the administration of our final teacher assessed grades and for managing the post-results services.*
- *Administration of high control assessments (such as the two formal exam series).*

Training, support and guidance

This section of our Centre Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

Training

This section provides details of the approach our centre will take to training, support and guidance in determining teacher assessed grades this year

- *Teachers involved in determining grades in our centre will attend any centre-based and department level training to help achieve consistency and fairness to all students.*
- *Teachers will engage fully with all training and support that has been provided by the Joint Council for Qualifications and the awarding organisations.*
- *Two dedicated sessions of guidance and training will be provided to department heads. One of these will act to mitigate the danger of unconscious bias.*
- *Processes and policy have been explained in senior leadership meetings.*
- *A log of in-department training has been maintained and is available.*
- *Ongoing support through line management and departmental meetings.*

Support for Newly Qualified Teachers and teachers less familiar with assessment

This section provides details of our approach to training, support and guidance for newly qualified teachers and teachers less familiar with assessment

- *We will provide mentoring from experienced teachers to NQTs and teachers less familiar with assessment.*
- *We will put in place additional internal reviews of teacher assessed grades for NQTs and other teachers as appropriate.*
- *Department level support will be provided and recorded in an accessible log.*
- *Systems put in place, where appropriate, for collaborative marking and determination of grades including mentoring/buddying from experienced members of staff.*

Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

A. Use of evidence

This section gives details in relation to our use of evidence.

- *Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.*
- *All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals.*
- *We will use a full set of trial exams undertaken by the entire cohort, in formal exam conditions, in November/December 2020.*
- *We will use a truncated set of exams, that were conducted in April 2021, in formal exam conditions. These exams are based on exam board material and marked according to official mark schemes. It should also be noted that the marking of these exams will be moderated to ensure high and fair standards. This set of exams will also be anonymised to mitigate unconscious bias.*
- *We will be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.*
- *We will use non-exam assessment work (often referred to as coursework), even if this has not been fully completed.*
- *We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.*
- *We will use substantial class or homework (including work that took place during remote learning). In this case there will be additional efforts made to authenticate the work – particularly in the case of work produced at home.*
- *We will use internal tests taken by pupils where appropriate.*
- *The more controlled the environment, the more weighting we will give to the evidence.*
- *The more recent the evidence, the most weighting we will give to the evidence.*
- *We will use records of a student's capability and performance over the course of study in performance-based subjects such as music, drama and PE.*
- *We will publish an overview of evidence used, in each subject, on our website.*

We provide further detail in the following areas:

Additional Assessment Materials

- *We will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.*
- *We will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.*

- *We will use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same task to complete.*
- *We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught. We will ensure that this is documented.*
- *We will ensure that any limited changes to exam papers are documented.*
- *We will consider providing a limited amount of formulas for the April set of exams maths and science (we did not do this in our November/December series). This will be documented.*

Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- *We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision, or at home. This will include two exam sequences that were both sat under formal, exam, conditions with moderated marking. The second of these (in April) will be anonymised and will be subject to enhanced moderation.*
- *We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school or college.*
- *We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.*
- *We will consider the specification and assessment objective coverage of the assessment.*
- *We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.*

Determining teacher assessed grades

This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.

Awarding teacher assessed grades based on evidence

We give details here of our centre's approach to awarding teacher assessed grades.

- *Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught. Any limited omissions from the curriculum (due to circumstances) will be documented.*
- *Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias. To reduce issues with unconscious bias, one set of formal exams (April) will be anonymised when marking.*
- *Our teachers will produce an Assessment Record for each subject cohort and will share this with their Head of Department. Any necessary variations for individual students will also be shared.*

Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

Head of Centre Internal Quality Assurance and Declaration

Internal quality assurance

This section gives details of our approach to internal standardisation, within and across subject departments.

- *We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document. This process will be documented.*
- *In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal standardisation process. This will include three stages. Firstly, head of department, secondly senior leadership line manager, thirdly Head of Centre. This process will follow the Minerva Learning Trust quality assurance framework including validation by the CEO.*
- *We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:*
 1. *Arriving at teacher assessed grades*
 2. *Marking of evidence*
 3. *Reaching a holistic grading decision*
 4. *Applying the use of grading support and documentation*
- *We will conduct internal standardisation across all grades and all subjects.*
- *We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.*
- *Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre. This will involve the quality assurance process, detailed above, along with an enhanced stage involving the lone teacher and a member of the senior leadership team.*
- *In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.*
- *A Quality Assurance visit will be made by the Trust CEO to each school in order to quality assure the approach the school is taking to the collate Teacher Assesses grades process.*

Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- *We will compile information on the grades awarded to our students in past June series in which exams took place (e.g. 2017 - 2019). This information will be supplied to heads of department.*
- *We will consider the size of our cohort from year to year.*
- *We will consider the stability of our centre's overall grade outcomes from year to year.*
- *We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.*
- *We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the quality assurance process.*
- *We will construct internal trackers to analyse our teacher assessed grades, facilitating historical comparisons.*
- *A Central Toolkit will be provided to ensure consistency and validity of data collection across Trust schools. This includes common templates and processes for all schools to use.*
- *All data will be entered into the Trust STEP data tracker and the Trust Data Comparator, which will analyse the distribution of grades compared to previous years.*
- *Once collated, the Trust CEO will utilise the Trust Grade Comparator to analyse performance and grade distribution for subjects and cohorts over the last three years. Any anomalies will be discussed with the school's Headteacher and SLT lead.*

This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.

- *We will compile historical data giving appropriate regard to potential mixtures of A*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.*
- *We will bring together other data sources that will help to quality assure the grades we intend to award in 2021 through internally constructed trackers.*
- *Enhanced scrutiny of evidence will be put in place where there is a significant divergence from historical data.*

This section gives details of changes in our cohorts that need to be reflected in our comparisons.

- *We will analyse where there are significant differences in the size of sub-cohorts in the present year compared to previous years.*
- *We will examine historical trends in different sub-cohorts and match them to our present Year 11s. This will allow us to challenge any anomalies with enhanced scrutiny of evidence.*
- *There is a higher proportion of girls in our present Year 11s than in our historical data. Girls, historically, progress more than boys both nationally and within the school.*
- *The number of disadvantaged pupils is broadly similar to previous years.*
- *There is a higher proportion of EAL pupils than in previous years. EAL pupils generally have a higher progress residual than non-EAL in the school.*
- *We will omit subjects that we no longer offer from the historical data.*

Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and consider mitigating circumstances in particular instances.

Reasonable adjustments and mitigating circumstances (special consideration)

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- *Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.*
- *Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the basket of evidence and alternative evidence obtained.*
- *Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.*
- *We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.*
- *To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)*

Addressing disruption/differential lost learning (DLL)

B. Addressing Disruption/Differentiated Lost Learning (DLL)

This section gives details of our approach to address disruption or differentiated lost teaching.

- *Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.*
- *We will consider instances where pupils have been disproportionately impacted by lost learning.*
- *In cases where pupils were unable to participate in high control assessments we will use alternative evidence.*

Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

Objectivity

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

Senior Leaders, Heads of Department and Centre will consider:

- *Sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions).*
- *How to minimise bias in questions and marking.*
- *Bias in teacher assessed grades.*
- *As a centre we will anonymise the April exam series to remove potential unconscious bias in these high control assessments.*
- *Training will be provided to Heads of Department to mitigate the impact of unconscious bias.*

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:

- *Unconscious bias can skew judgements.*
- *The evidence presented should be valued for its own merit as an indication of performance and attainment.*
- *Teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics.*
- *Unconscious bias is more likely to occur when quick opinions are formed.*

Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.

Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

C. Recording Decisions and Retention of Evidence and Data

This section outlines our approach to recording decisions and retaining evidence and data.

- *We will ensure that teachers and Heads of Departments maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades. The narrative for this will be held centrally.*
- *We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.*
- *We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.*
- *We will comply with our obligations regarding data protection legislation.*
- *We will ensure that the grades accurately reflect the evidence submitted.*
- *We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).*

Authenticating evidence

D. Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- *Robust mechanisms, which will include significantly heavier weighting to work completed under formal exam conditions, will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.*
- *It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations to support these determinations of authenticity.*

Confidentiality, malpractice and conflicts of interest

Confidentiality

This section of our Centre Policy outlines the measures in place to ensure the confidentiality of the grades our centre determines, and to make students aware of the range of evidence on which those grades will be based.

A. Confidentiality

This section details the measures in place in our centre to maintain the confidentiality of grades, while sharing information regarding the range of evidence on which the grades will be based.

- *All staff involved have been made aware of the need to maintain the confidentiality of teacher assessed grades.*
- *All teaching staff have been briefed on the requirement to share details of the range of evidence on which students' grades will be based, while ensuring that details of the final grades remain confidential.*
- *Relevant details from this Policy, including requirements around sharing details of evidence and the confidentiality requirements, have been shared with parents/guardians through an information hub on the school website along with regular correspondence.*

Malpractice

This section of our Centre Policy outlines the measures in place to prevent malpractice and other breaches of exam regulations, and to deal with such cases if they occur.

B. Malpractice

This section details the measures in place in our centre to prevent malpractice and, where that proves impossible, to handle cases in accordance with awarding organisation requirements.

- *Our general centre policies regarding malpractice, maladministration and conflicts of interest have been reviewed to ensure they address the specific challenges of delivery in Summer 2021.*
- *All staff involved have been made aware of these policies, and have received training in them as necessary.*
- *All staff involved have been made aware of the specific types of malpractice which may affect the Summer 2021 series including:*
 1. *breaches of internal security;*
 2. *deception;*
 3. *improper assistance to students;*
 4. *failure to appropriately authenticate a student's work;*

5. *over direction of students in preparation for common assessments;*
 6. *allegations that centres submit grades not supported by evidence that they know to be inaccurate;*
 7. *centres enter students who were not originally intending to certificate a grade in the Summer 2021 series;*
 8. *failure to engage as requested with awarding organisations during the External Quality Assurance and appeal stage;*
 9. *failure to keep appropriate records of decisions made and teacher assessed grades.*
- *The consequences of malpractice or maladministration as published in the JCQ guidance: [JCQ Suspected Malpractice: Policies and Procedures](#) and including the risk of a delay to students receiving their grades, up to, and including, removal of centre status have been outlined to all relevant staff.*

Conflicts of Interest

This section of our Centre Policy outlines the measures in place to address potential conflicts of interest.

C. Conflicts of Interest
<p><i>This section details our approach to addressing conflicts of interest, and how we will respond to such allegations.</i></p> <ul style="list-style-type: none"> • <i>To protect the integrity of assessments, all staff involved in the determination of grades must declare any conflict of interest such as relationships with students to our Head of Centre for further consideration on a yearly basis.</i> • <i>Our Head of Centre will take appropriate action to manage any conflicts of interest arising with centre staff in accordance with the JCQ documents - General Regulations for Approved Centres, 1 September 2020 to 31 August 2021.</i> • <i>We will also carefully consider the need to separate duties and personnel to ensure fairness in later process reviews and appeals.</i> • <i>A risk assessment will be conducted on any conflict of interest declared and awarding bodies informed. A record of these conflicts of interest is maintained.</i>

External Quality Assurance

This section of our Centre Policy outlines the arrangements in place to comply with awarding organisation arrangements for External Quality Assurance of teacher assessed grades in a timely and effective way.

A. External Quality Assurance
<p><i>This section outlines the arrangements we have in place to ensure the relevant documentation and assessment evidence can be provided in a timely manner for the purposes of External Quality Assurance sampling, and that staff can be made available to respond to enquiries.</i></p> <ul style="list-style-type: none"> • <i>All staff involved have been made aware of the awarding organisation requirements for External Quality Assurance as set out in the JCQ Guidance.</i> • <i>All necessary records of decision-making in relation to determining grades have been properly kept and can be made available for review as required.</i> • <i>All student evidence on which decisions regarding the determination of grades has been retained and can be made available for review as required.</i> • <i>Instances where student evidence used to decide teacher assessed grades is not available, for example where the material has previously been returned to students and cannot now be retrieved, will be clearly recorded on the appropriate documentation.</i> • <i>All staff involved have been briefed on the possibility of interaction with awarding organisations during the different stages of the External Quality Assurance process and can respond promptly and fully to enquiries, including attendance at Virtual Visits should this prove necessary.</i> • <i>Arrangements are in place to respond fully and promptly to any additional requirements/reviews that may be identified as a result of the External Quality Assurance process.</i> • <i>Staff have been made aware that a failure to respond fully and effectively to such additional requirements may result in further action by the awarding organisations, including the withholding of results.</i>

Results

This section of our Centre Policy outlines our approach to the receipt and issue of results to students and the provision of necessary advice and guidance.

A. Results
<p><i>This section details our approach to the issue of results to students and the provision of advice and guidance.</i></p>
