Dear Parent/Carer

Re: Y11 transition to A level courses

I hope this letter finds you and your families well. I am writing to inform you of support and activities that are available to all Y11 students looking to progress to A level courses in the next academic year.

Chapelton Academy, which is a post-16 A-level College, have provided a series of induction and transition activities to a wide range of courses that can be completed by anyone wishing to do A-levels next year: <https://www.chapeltonacademy.com/index.php/curriculum/year-11-transition-work>

Also, CGP are providing **free** downloads of their revision guides to A level mathematics and sciences:

These are invaluable resources for Y11 students moving onto sciences or Maths next year and I would urge you to download them.

Yours faithfully
