

ART CURRICULUM INTENT

HGCSC Mission	Exceptional education for every child, every day
Priority	Provide a broad and balanced curriculum that challenges everyone

ART DEPARTMENT INTENT

A high-quality art and design education should engage, inspire and challenge pupils, equipping them with the knowledge and skills to experiment, invent and create their own works of art. As pupils progress, they should be able to think critically and develop a more rigorous understanding of art and design. They should also know how art and design both reflect and shape our history, and contribute to the culture, creativity and wealth of our nation.

OBSERVATION	RESEARCH	DEVELOPMENT
Pupils will learn to use a range of media and techniques to record their observations. They will work from a range of 1st and 2nd hand sources that are relevant to their intentions. Pupils will focus on accuracy, shape, detail, tonal work and texture.	Pupils will learn about the history of art, craft and design including periods, styles and major movements and Cultures. They will develop their knowledge on artists (past, present and local), craft makers and designers, and understand the historical and cultural development of their art forms.	Pupils refine their work by exploring ideas, selecting and experimenting with appropriate media materials, techniques and processes. Pupils will develop their ideas through investigating and demonstrating a critical understanding of sources. They will analyse and evaluate their own work, and that of others, in order to strengthen the visual impact or applications of their work. They will develop their work in order to produce creative work, exploring their ideas and recording their experiences to present a personal and meaningful response that realises their intentions.

CURRICULUM AIMS

Our art and design curriculum aims to ensure that all pupils:

- Become proficient in drawing, painting, printmaking, ceramics and other art, craft and design techniques
- Produce high quality creative work, exploring their ideas and recording their experiences
- Evaluate and analyse creative works using the language of art, craft and design
- Develop their knowledge on artists (past, present and local), craft makers and designers, and understand the historical and cultural development of their art forms

5 YEAR PLAN

Give an overview of what your curriculum will achieve (in the classroom and through enrichment opportunities):

By the time pupils complete their studying of Art and Design they will be creative thinkers, experienced in using a wide range of media and have gained knowledge of how to manipulate it to suit their intentions. They will have learnt how to critically evaluate their own and others work and be able to develop and improve their work appropriately. They should have an understanding how art plays an important role in developing our creative culture in society.

SKILLS

List the main skills pupils will learn and develop over the curriculum:

- To evaluate, analyse and assess their own and artists work
- To be able to observe and record images using a wide range of media
- To work independently and collaboratively
- To develop their own ideas and reflect on these
- To be manipulate materials to suit purpose

Skills in media

Pencil, biro, oil pastel, charcoal, ceramics, printmaking, chalk, soft pastel, acrylic, water colour, pencil crayon, collage, photography.

KNOWLEDGE

List the main subject knowledge pupils will learn and develop over the curriculum:

- Pupils will know a wide range of subject specific vocabulary and be able to use it accurately
- Pupils will study a wide range of media and techniques
- They will learn about a range of different art movements, cultural art, contemporary local artists and other famous renowned artist
